

MONTREAL GUITAR TRIO

Band technical rider 2011 V.1

Technical info: Sébastien Dufour sebastien@mg3.ca

Production note:

MG3 usually arrive 4h before the show for soundcheck. **The gear must be set up and ready for soundcheck.** We require a light operator for the show and local sound engineer.

We also need one person for the merchandising. (cds, etc)

Sound reinforcement:

Stereo PA professional quality with subwoofer, covering the whole venue uniformly and without distortion.(20Hz-20Khz)

The mixing console must be set in the middle of the room (when possible!)

Equipment FOH and Stage:

- Mixing console professional quality with minimum 4 aux
3 aux pre-fader for monitoring, 3 postEQ (Midas)
- 3 monitors mix on 3 monitors placed in centre stage
- EQ 31 bandes for FOH + EQ for every mix (Monitor EQ at FOH)
- 4 quality compressors
- 1 professional reverb processor

See patch list for microphones listing.

Other:

- 3 guitar stands, if available
- 3 extension cords + 3 power bar for guitar pedals

Hospitality:

One dressing room big enough for 3 people including:

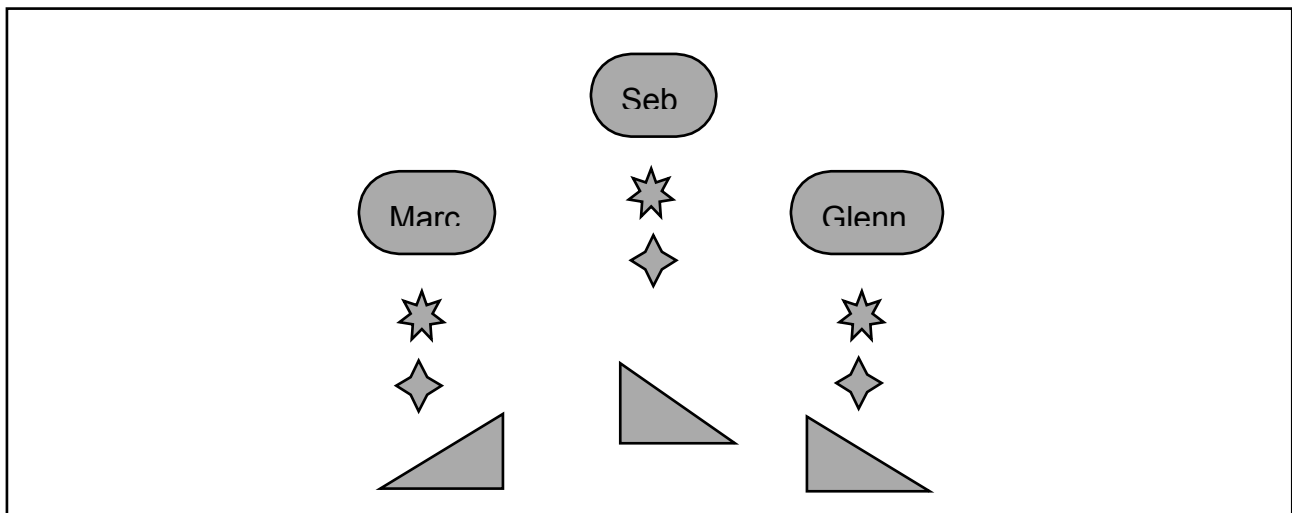

- 8 water bottles
- Coffee, juice and soft drinks
- Snacks (cheese, crackers/bread, fruits: bananas, raisins, etc)
- Bathroom + towels
- Bottle of red wine / Beers (if possible)
